## CHICAGO DETECTIVE KILLED

Three Other Officers Wounded in Gun Fight in Lavey District.

## BATTLE FOLLOWS RESORT RAID

Two Squads of Detectives Meet at Time Crowd Becomes Ugly—Many Shots Fired by Officers and Gangsters.

CHICAGO, July 17.—With one detective dead and three wounded as a result of a revolver battle last night in Chicago's vice district, officials attempted today to untangle the accounts of the fatally affray between members of the department.

The dead detective, Stanley J. Birns, was a member of the regular plain clothes force. John C. Sloop, Birns' partner, was shot through the thigh. Joseph Merrill and Fred Amert, detectives of the morals squad, were wounded less seriously. James C. Carroll, who said he was an investigator and railway fireman, also was wounded.

In the investigation by Chief of Police Gleason, two facts appeared to stand out: that the killing and wounding of the policemen were precipitated by a gang of levee characters, and that many of the shots fired came from weapons in the hands of the gangsters. It was thought that several of the crowd of vice district characters were wounded and had been hidden by their friends.

## New Detectives on Job.

The affray was possible because the morals squad men, Merrill and Amert, did not recognize Birns and Sloop. Merrill and Amert had been policemen but a short time. They had just received a disciplinary resort and sent a wagonload of prisoners to the station. A gang of levee hangers on followed and hooted Merrill and Amert as they walked away from the place.

## Look at the stool pigeons," they yelled.

Stones and bottles were thrown and the detectives drew their revolvers. Just then Birns and Sloop ran up to disperse the mob.  
"Look out. They've got guns," some one cried. Then the shooting began. Merrill declared that the first shot was fired by a man in the crowd who dashed behind a woman. Another woman had just fallen, he said, having been hit by a brick. Merrill said he emptied his revolver at the man.

## Clash of Police.

Clash of police activities in the vice district was disclosed in the shooting. Merrill and Amert were members of Morals Inspector W. C. Danzenberg's squad, which he had unexpectedly sent into the levee to make raids. At the same time First Deputy M. L. C. Funkhouser had a detail in the district for the same purpose, thinking that Danzenberg was on the

## CARRANZA URGED TO ACCEPT TERMS OFFERED BY FEDS

(Continued from Page One.)

Time may be lost in arriving at a settlement. The three men he has chosen have been conspicuous supporters of Madero in the Mexican congress and have been in obscurity in Mexico City during the Huerta administration. They are close friends of Mr. Carranza and of course are very intimate with Mr. Carranza. So, naturally, I am very hopeful that they will be able to arrange for the peaceful transfer of the government."
